High School  
**Kendriya Vidyalaya,**  
Chhatarpur, MP, 2012

# FARZAN ULLAH

## PROFESSIONAL SUMMARY

Software Engineer dedicated to improving skills through hands-on learning and development work. Proficient in mobile and desktop development environments. Adept at using HTML5, JavaScript and other programming languages to produce clean code. Well-organized and collaborative team player with strong communication and analytical abilities.

## WORK HISTORY

June 2021 - May 2023

**IMI - Implementmyidea Technologies - Telecom Consultant,** Remote

Delivered outstanding service to clients to maintain and extend relationship for future business opportunities.

- Supported clients with business analysis, documentation, and data modeling.
- Created proofs of concept for innovative new solutions.
- Tested and deployed scalable and highly available software products.
- Tested functional compliance of company products.
- Reviewed and tested installations for compliance with quality control standards.
- Worked with business partners to research, implement and support technology.
- Updated software and firmware with latest patches.

November 2020 - May 2021

**YPSILON IT SOLUTIONS - Trainee Software Developer,** Remote

- Coded websites using HTML, CSS, JavaScript, and jQuery languages.
- Engaged with clients to plan and optimize site issues and queries.
- Worked closely with developers on creating new code.
- Wrote custom HTML and JavaScript for existing websites.
- Attended development programs to gain competencies and boost skills set.
- Studied user requirements to gain strong understanding of project initiatives and deadlines.
- Developed user interfaces with modern JavaScript frameworks, HTML5, and CSS3.
- Used Javascript, SQL and HTML to develop app-solutions.

## **Full Stack Development (MERN) Experience**

- Implemented responsive and dynamic user interfaces with React.
- Integrated with third-party libraries (e.g., Axios, Redux Saga).
- Developed well-structured and semantic HTML5 documents.
- Styled web pages with CSS3, utilizing modern techniques such as Flexbox and Grid for responsive designs.
- Integrated React Router for client-side routing in single-page applications
- Implemented complex state management solutions using React's context API and custom hooks.
- Implemented form validations.
- Leveraged React hooks (useState, useEffect, useContext, etc.) to manage component state and side effects efficiently.
- Integrated authentication and authorization using JWT tokens
- Built and maintained scalable web applications using the MERN stack.
- Designed and implemented RESTful APIs using Express.js, ensuring seamless integration with frontend applications.
- Utilized Node.js for server-side logic, handling requests, and interacting with databases.
- Perform testing on cross browser and cross platform
- Developed end-to-end applications, integrating frontend and backend technologies.
- Ensured code quality and maintainability through comprehensive testing and code reviews.
- Identified and resolved performance bottlenecks in both frontend and backend codebases.

---

## **SKILLS**

- Frontend - ReactJS, HTML5, CSS3, Javascript.
- Backend – NodeJS, ExpressJS
- Databases – MongoDB (NoSQL)
- Frameworks – Tailwind CSS, React Bootstrap.
- Version Control – Git & GitHub
- Responsive Web Design with CSS
- UI Designing with CSS, ReactJS
- RESTfull APIs.

---

## **CERTIFICATIONS**

- JavaScript Certifications - HackerRank
- CSS Certification - HackerRank
- Responsive Web Design Certification – FreeCodeCamp

---

## **HOBBIES**

Gaming, Listening Music

---

## **LANGUAGES**

English

Hindi
